RE: 2007 997.1 Turbo

Dear Chris:

Thank you for being exactly what you claim to be.

I have owned a 40th Anniversary 996 for seven years and was offered an opportunity to buy a 2007 silver 997.1 Turbo from a friend not too long ago. He was the same person who I bought the 40th Ann 996 from and I was ecstatic. The car was perfect in every way ... including low mileage of 15,000 miles. Unfortunately, he changed his mind and I was left without much hope for finding a comparable car. Then I came across the car above. It truly seemed too good to be true. I had no interest in buying a car from the East or West coast as I had tried that before and it didn't suit me. Springfield was reasonable so I began a conversation with you. You fielded every one of my questions. Being a suspicious and detailed CPA, they were many ... and you had the patience to plow through them without me feeling like I was imposing. You even took pictures of the Fabspeed exhaust for which I was unfamiliar.

Not only did you convince me that I was dealing with someone of integrity, you went above and beyond in helping me with the sale of my 996. Further, you convinced me that buying the car sight unseen and delivered to Fort Worth was the best choice for me. The car is, as you represented, virtually a new car. It is EXACTLY what I was looking for.

So, I am now the proud owner of the car shown above. I am thrilled with the purchase. I am delighted with your performance and that of your staff, especially Deidra who followed through with the paperwork in the most professional manner.

I cannot imagine ever letting this car out of my possession, which means that I'm going to have to build more garage space if I add another Porsche. If I do, you can rest assured that I will be doing business with you again. I'm a believer.
