

2008 Porsche 911 C4S, Springfield, MO

I recently purchased an '08 Porsche Carrera 4S from Chris Courtney and his staff at Premier Sports cars in Springfield MO. I am fortunate to live in this wonderful town and overjoyed about my new ride. It was a stellar low mileage car with only 3700 miles on purchase! The service I received and continue to receive from Chris Courtney and his remarkable staff continues to amaze me. I was able to test drive several cars at my leisure and even took some home for the night. This allowed me to really experience the car from multiple different aspects. Upon delivery the car was cleaned inside and detailed. Chris even found me a different set of wheels that fits the car perfectly and gives it a more aggressive look. He did all the leg work on this which I really appreciate. They also did all my registration paperwork for me which really helped with my hectic and busy schedule. The staff is always very accommodating and professional with their sales and service. I would not hesitate in purchasing another vehicle from Premier and have already recommended them to many of my friends. Thank you Chris and Premier for making the purchase of my first (and certainly not last) Porsche a truly memorable experience!

Sincerely,

Sai Nayar MD
