Current Title Information

| Registration Date | State of Title | Mileage | Event |
|-------------------|------------------------------|---------|------------------------|
| 2013-05-01 | Pennsylvania | 40 mi | Title and Registration |

Historical Title Information

No title records were found for this vehicle in the available databases. Title history typically includes details on ownership changes, lien records, salvage or rebuilt status, and other significant updates. If the vehicle has been registered in multiple states, some records may not be available.

Ownership History

This section lists title records with calculations of usage and mileage for each registration.

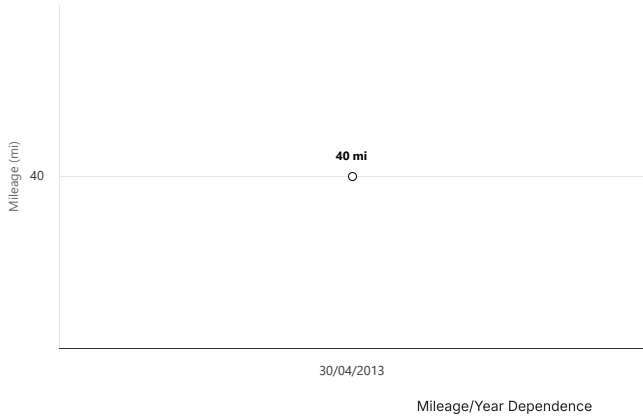

Source: NMVTIS

Owner # 1 (13 years and 1 month)
 Dates: Apr 30, 2013 to Jun 23, 2026
 Location: [Pennsylvania](#) 
 Odometer: 40 mi
 Average Usage: N/A

Odometer History

This section lists all events in vehicle history on timeline.

Junk / Salvage / Insurance Records

This section lists junk, salvage, and insurance records (if any).

Source: NMVTIS

✓ No junk, salvage, or insurance records were found for this vehicle in the available databases

These records typically indicate if the vehicle has been declared a total loss, suffered significant damage, or was sold through an insurance auction. If the vehicle has been processed by multiple agencies, some records may not be available.

Accident Check

This section lists accident records from available independent sources.

Accident Reported
State: PA
Vehicle Description: 2014 MAZDA CX-5 Touring/GS Wagon Body Type Sport
Utility Vehicle (SUV)/Multi-Purpose Vehicle (MPV)

Explanatory Note:

The accident records identifies vehicle accidents — both minor and major — typically in cases where there is a police report associated with the accident event. Note that, like other vehicle history providers, VinAudit aggregates accidents from a combination of police departments, state agencies, and industry sources, and a lack of a positive match does not necessarily mean the vehicle has had an accident-free history.

Theft Check

This section lists active theft and theft recovery records for this VIN.

Source: VinAudit

✓ **No active theft or theft recovery records were found for this vehicle in the available databases.**

Theft records are typically reported by law enforcement agencies and insurance companies. If the vehicle has been reported stolen and not yet recovered, or if it was previously stolen and later found, these details would appear here.

Lien / Impound / Export Records

This section lists lien, impound, and export records (if any).

Source: VinAudit

✓ **No lien, impound, or export records were found for this vehicle in the available databases.**

These records typically indicate if the vehicle has an outstanding loan, has been impounded by authorities, or has been exported to another country. Some records may not be publicly available or may vary by reporting jurisdiction.

Sale Records

This section lists historical sale listings from available independent sources.

Source: VinAudit

! **No historical sale listings were found for this vehicle in the available databases.**

Sale records typically include listings from dealerships, online marketplaces, and auction platforms. If the vehicle was sold privately or through sources that do not report sales data, those records may not be available.

Vehicle Location History

This section lists historical locations from available independent sources.

VinAudit Report Disclaimer

The information used to compile this report is aggregated from various government agencies, non-profit organizations, and industry sources. Access to the National Motor Vehicle Title Information System (NMVTIS) is facilitated through VinAudit Inc., an Approved NMVTIS Data Provider. Sections of this report containing data from NMVTIS are labeled with "Source: NMVTIS". No vehicle registration records are provided by NMVTIS. The accuracy and reliability of the information supplied depend primarily on the reporting sources, and all entities involved in compiling this report accept no liability for any errors or omissions. Furthermore, all warranties, expressed or implied, including any implied warranties of merchantability or fitness for a particular purpose, are hereby disclaimed.

NMVTIS Consumer Access Disclaimer

The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that contains information on certain automobiles titled in the United States. NMVTIS is intended to serve as a reliable source of title and *brand* history for automobiles, but it does not contain detailed information regarding a vehicle's repair history.

All states, insurance companies, and junk and salvage yards are required by federal law to regularly report information to NMVTIS. However, NMVTIS does not contain information on all motor vehicles in the United States because *some states* are not yet providing their vehicle data to the system. Currently, the data provided to NMVTIS by states is provided in a variety of time frames; while some states report and update NMVTIS data in "real-time" (as title transactions occur), other states send updates less frequently, such as once every 24 hours or within a period of days.

Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance company (or other appropriate entity) to be a "total loss" or branded by a state titling agency. Conversely, an insurance carrier may be required to report a "total loss" even if the vehicle's titling-state has not determined the vehicle to be "salvage" or "junk."

A vehicle history report is **NOT** a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, consumers are strongly encouraged to also obtain an independent vehicle inspection to ensure the vehicle does not have hidden damage. The *Approved NMVTIS Data Providers* (look for the NMVTIS logo) can include vehicle condition data from sources other than NMVTIS.

NMVTIS data includes (as available by those entities required to report to the System):

Information from participating state motor vehicle titling agencies.

Information on automobiles, buses, trucks, motorcycles, recreational vehicles, motor homes, and tractors. NMVTIS may not currently include commercial vehicles if those vehicles are not included in a state's primary database for title records (in some states, those vehicles are managed by a separate state agency), although these records may be added at a later time.

Information on "brands" applied to vehicles provided by participating state motor vehicle titling agencies. Brand types and definitions vary by state, but may provide useful information about the condition or prior use of the vehicle.

Most recent odometer reading in the state's title record.

Information from insurance companies, and auto recyclers, including junk and salvage yards, that is required by law to be reported to the system, beginning March 31, 2009. This information will include if the vehicle was determined to be a "total loss" by an insurance carrier.

Information from junk and salvage yards receiving a "cash for clunker" vehicle traded-in under the Consumer Assistance to Recycle and Save Act of 2009 (CARS) Program.

Consumers are advised to visit www.vehiclehistory.gov for details on how to interpret the information in the system and understand the meaning of various labels applied to vehicles by the participating state motor vehicle titling agencies.
